

Toledo Neighbors Program shall act as a hub to coordinate and distribute food and other resources and shall serve the citizens of Toledo with respect, dignity, and inclusivity.

Weekly, we distribute food to 80-100 families. Patrons shop for the foods that meet the needs of their family. This reduces waste and allows people to pick up food that they will eat and can safely store. Volunteers are available to share recipes, educate about food and answer other questions.

Seeds available in spring for home gardens.

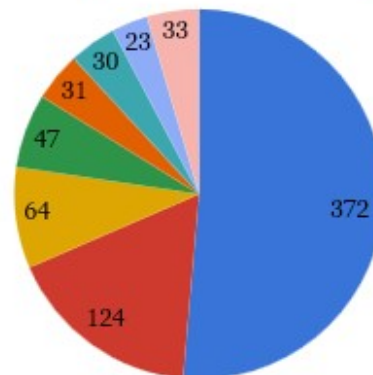

Spoiled food is offered to local farmers. Anything not picked up is composted for our garden.

Community Garden beginning in 2024

People Served - February 2024 by City

- Toledo
- Winlock
- Mossyrock
